Everyone has the ability to communicate with their Spirit Energy if they choose ... The "Elemental" or "Spirit Energy" is delighted to be recognized ... What does the **FoL** want to discuss next? > LOVE ... When one Truly Knows Love nothing else needs to be discussed ... If it's true EVERYBODY Knows EVERYTHING, why don't we have access to what we want to Know? ... During sleep we can access different vibrations, so why can't we get answers at that time? ... Some people bring back knowledge about Near Death Experiences > Why? ... The reason for our frustration not knowing stuff is explained and after all considering we were happy to be chosen ("Life / Pre-Life Planning") to be here ... Before you incarnated we "ticked all the boxes" [**FoL** provide a short list], you passed and you are here ... To satisfy curiosities is NOT as important as completing your mission ... Blossom speaks openly that her awakening is slow and gives some reasons for her feelings ... So many horrendous things happening around the world? What is it all for? ... The **FoL** ask Blossom to answer her own question ... **FoL** to Blossom > "Forget what we have drummed into you, what does your Heart tell you? ... How do we know that all you [*the FoL*] are telling us isn't just another form of programming? ... **FoL** > 'We didn't ask what your mind thinks, but what you feel' ... **FoL** to Blossom > "Do you question that Love (*in your Heart*)?, Where does that Feeling come from?, Please try and describe it, Did someone tell you these things and how to Feel about them?, Who do you Know yourself to be? ... When you experience Love it's important to hang onto this Knowing, Feeling and Understanding ... Anything weighing you down ("*Worrying / Why?*") is NOT the Truth ... Blossom shares her feelings blatantly and honestly that it's easier said than done ... **FoL** encourage Blossom > Keep on Keeping on, there is light at the end of the tunnel, be the Light, take charge ... Why does growth have to transpire through suffering? ... Why can't growth expand of itself through Laughter and Joy? ... The duality concept in your world is all about opposites Black/White, Up/Down, Pain/Joy ... So why would she [*Blossom's friend*] need to suffer again to such a degree? ... Did she agree for this to happen in order to help others?... Will she [*Blossom's friend*] also experience the counterpart that will be of the most immense joy in this lifetime?... Nothing is by chance ... Blossom is torn between 'what neatly makes sense and gives reasoning to the insanity of Life' to soothe the soul ... How could you experience the most incredible Joy if you have not experienced the opposite?... How does the **FoL** pick up Blossom's signal desiring to communicate? ... When the **FoL** tune into that 'Higher part' of Blossom, is that her Higher self? ... Did White Cloud sound the same as he did when he resided upon Earth? ... Blossom and White Cloud are One ... **FoL** share why White Cloud chose attributes of a Native American ... A time is coming when Each One will have the skills described here

12th (p.62) Why does Blossom feel reluctant to ask a thousand questions from readers? ... Why does the **FoL** say there could be a thousand different answers to one question? ... The **FoL** explain that we live in a simulation on Earth ... Is Planet earth real, and really what is it then? ... "This experience was devised in order for Love to engage in itself"...The alternative > If Love Energy just was/is/Being itself, what would be the point? ... **FoL** explain why Love became 'something more' ... How is it that all the highs and lows feel so real? ... Where is the simulator? ... Where is the Game? ... Where is the ball of creation? ... Where is our mind? ... Is Consciousness Love? ... Is our mind Consciousness? ... How is it then that we are in a simulation? ... Considering all the atrocities it's difficult to say that Love just needed something to do ... Love did NOT originally create your world to be as it is now ... The greatest gift of all was FREE WILL ... So what went wrong? ... Is it really so that AI will take over and stop us from using our intuition and mind? ... Would a world run by robots have a place in your Knowing of your purpose > to raise the Planets's vibration to a place of Light? ... Could a world that is not awake allow AI to take over the world? ... How does one's thoughts that create your world and what you attract affect the outcome? ... In spite of the fact there are infinite possibilities [*Including AI ruling the world*] how does hearing and knowing "The Light has won" limit the possibilities? ... How does being only in the NOW choosing Love in this moment affect your future? ... Which is better > To imagine "Our World" of peace in the future or create "Your World" of peace now? ... It's encouraging that millions on the Planet GET THIS ("*Awakening*")

AUGUST

2nd (p.70) Blossom was thinking about something new and exciting to talk about ... Blossom notes that the ratings and viewings [*Blossom & FoL*] are dropping ... **FoL** will "keep on keeping on" if only 10 souls were listening ... Blossom chooses to avoid social media ... A topic > How about the weather? ... Is the weather being manipulated and if so for how long? ... Instead of worrying about the weather, better to focus upon yourselves and who you Know and discovering yourselves to be ... Are you fulfilling your Heart's desires? ... Are you truly making time to enjoy who you are? ... To raise one's mood living in relative peace and beauty is easier than for those in war torn areas ... What do you think about those souls who choose to live in difficult circumstances? ... Each Soul in its own way is serving the Whole ("*Oneness*") by and through the life they live ... When do we actually leave the Game? ... Some believe we are trapped and continue to reincarnate to feed the dark who live off our Light ... While others believe they incarnate to experience many life expressions ... Some believe that when we die we should turn away from the Light to avoid the trap, or is that in fact a trick to keep us away from the Light? ... What about those who have experienced an NDE ("*Near Death Experience*")? ... Nothing can simulate your Knowing when you are truly experiencing time at [*Reality*] Home ... We have experiences in this life that we Know them in Truth to be Love ... How can we safely reason on this entrapment away from the Light using an example of watching a movie and when we are not? ... Each Soul must Trust who they are and how they Feel ... Trust in yourselves and your inner knowing

Anything anyone foretells can change ... When the **FoL** say's "One 'party' to another" do they mean a political party? ... Why doesn't the **FoL** talk about politics? ... In the future there will be no denying or falsifying because actual evidence will be the proof that all need to know ... Will there be a time when we can change the madness of our world? ... There will be a time when it ["*the madness*"] will be changed for you ... The **FoL** used the expression a "Topsy Turvy World" in the past and it is happening now ... Just how much madder does it have to get? ... The madness now on one's "doorstep" cannot help one to begin to raise questions ("*Awakening*") ... Why does the madness have to continue on? ... The suffering of man has had its day and it has to change because it has been decreed ("*The Divine Plan*")... **FoL** ask

us: To continue and find the Strength, Know you are making a difference, Know your purpose for being here to create change ... The bigger picture is so very different from the one you “try to imagine” ... You are Deeply and dearly Loved ... The **FoL** provide multiple reasons encouraging us to continue hanging on (“*Perseverance*”)... Blossom asks, “Do you still think a 2nd lockdown will take place? ... Then comes Phases 2, 3, 4, and 5 ... The ultimate Divine Plan for your Planet will not change

Do you wish to give up because you have lingering doubts and unanswered questions? ... What would you be doing if you chose to give up? ... (*the FoL*) ... Blossom mentions the **FoL** affirmation cards ... The **FoL**'s primary message is to reinforce the fact that you are Love ... Why is one's willingness to receive with Grace increase the flow of Love? ... You knew before you came (“*Life / Pre-life Planning*”) that there would be tough times dealing with atrocities, pervasive poisons, and depleted strength

Blossom asks if the emotions we feel due to the turmoil are part of the Ascension process? ... What can be the results when one chooses to let go and release what has been ingrained? ... Many feel it's harder to be of Light & Love with current conditions affecting us physically, mentally, and emotionally ... **FoL** ask us, being the strongest of the strong, to think about it all with the depth of Understanding and the depth of your Being ... What else is there to do but “surrendering to Love?” ... Walking on the pathway of Truth one sees a Brighter Light ... Blossom wonders having little evidence, how do we know things will end up as promised? ... **FoL** ask, ‘Blossom, would you not prefer to feel the way you choose to feel in Love, rather than waiting for the doom and gloom to overtake?’ ... Blossom debates the notion of being offered a ‘Get off the Planet card’ ... Blossom and all the Warriors [*of Light & Love*] were gifted this opportunity ... **FoL** have seen the movie of the Game and it ends with a win (“*Light has won*”) all lived happily ever after > “Do you Know it?” ... You are NOT of this world you call home ... Keep on repeating The Mantra with coding ... Link to YouTube video “How Are Codes Activated in You?” ... <https://www.youtube.com/watch?v=YSG7FvWoAEw>

21st (p.87) **FoL** come to uplift and encourage because many are “over this!” ... Finding yourselves on a “slippery slope” feeling like giving up? > Keep your thoughts in alignment with who you truly are ... Many are trying hard to keep their vibration high, the ultimate weapon ... This why the **FoL** does what they do because there is nothing new to present ... To know “this and that” about “this and that” does not serve the soul ... The **FoL** elaborate on the “ultimate weapon” that destroys the darkness (“*Joy, Laughter, Kindness, Thoughtfulness, Understanding, Giving, Loving*”) ... Things are topsy-turvy illustrated by an analogy of a washing machine in the wash cycle ... **FoL** suggests finding Joy while life for many is challenging ... **FoL** ask Blossom, “So what do you propose can be done about this?” and “What would you say is the hardest thing to deal with?” ... Blossom notes how the darkness is everywhere ... **FoL** > “So you don't feel like the STRONGEST OF THE STRONG?” ... **FoL** > “You can create a Light so bright that it changes your world,” by Knowing and doing these things ... Blossom asks where we can find enthusiasm? And the **FoL** list where and how, including The Mantra ... You will have to “Keep on Keeping on” and Trust that you will fly ... White Cloud said we were close to the “finishing line” back in December of 2012 ... “The tides will turn, they will” ... **FoL** > “Do you feel that as Truth or a possibility?” ... **FoL** send Love and many more reminders encouraging us not to give up, or give in

NOVEMBER

1st (p.91) How is it that the **FoL** is “up to speed on everything?” ... Blossom asks, “Why is it that you are labeled The Federation of Light?” ... Blossom describes 2 occasions when she was in a gathering with the **FoL** ... It is really hard to grasp where you [*the FoL*] actually are, including Goody, and all those who have passed over ... **FoL** ask Blossom, “When you were living on other Planets and not in human form, where were you then?” ... Earth is NOT a place, it is a creation of Consciousness ... Everything you are experiencing is a creation of Consciousness ... Everything is Energy ... Light Energy expresses a level of our Consciousness ... Who determines the level [*or level/s*] of our Consciousness? ... Can the **FoL** be in, or go into a

Higher frequency? ... Is the darkness also in that ball of Consciousness? ... Each One is a magnet attracting that which you desire ... It may appear that prayers go unanswered with those who ask for "Well Being" still suffer > All prayers are answered ... Is it really so that those who pass over need time to adjust and recoup after their experience on Earth? ... Blossom is told "that is how it has to be" after asking if she could have that experience again with Goody ... The **FoL** describe many positive changes as a result of the Lighter and Lighter Energies entering through to your Planet ... FREEDOM is COMING

9th (p.95) One of Blossom's readers asked if the **FoL** could describe Love to increase our awareness ... **FoL** > "Love is Love is Love is Love" ... Love is a feeling and words cannot do it justice ... Unconditional Love is as it describes > No conditions ... Love exists on Higher Vibrations ... Higher levels of love are unable to be experienced in the form that you are ... "Do we know of this Higher form of Love when NOT in the body?" ... Blossom asks for more information about when we sleep to satisfy questions from readers ... "Soul" and "Spirit" are not the same > The Spirit is the Divine essence of you, and the Soul is the more personal you ... What would be some of the different "requirements" a person may have during sleep time? ... What are some of the "errands" some may choose to do during sleep time? ... To be clear, "a Soul cannot reside in a vibrational Frequency that they are not of" ... Can you clarify please, when one passes over obviously relieved of Earthly turmoil and ailments, are you saying that everything is not automatically fine and dandy? ... More information about what happens during sleep ... When the **FoL** says visiting other Planets during sleep, is that to be taken literally? ... Do they need to go there or can it be done by Energy transference? ... Dream time is another complex topic that is "very difficult to put into human terms of understanding" ... Simply "Being" is different than "switching off" or to zone out for a while during sleep ... The Silver Cord and its purpose is mentioned... [Video Link > explanation / meditation on Love <https://www.youtube.com/watch?v=RmsCqVjqSss>]

15th (p.99) Can you talk about the effects and purpose the massive solar flares? ... So this Magnetic Force is to shift everything into a higher Vibration? ... What can we expect with these massive changes? ... Blossom admits she does not follow or understand what is going on with auroras and sun flares and the **FoL** explain ... Flares contain coding and the **FoL** explain why ... Blossom marvels hearing all the details for the shift in humanity and the Planet ... This Shift is not to be confused with The Event, The Rapture, or The Great Happening ... Dark forces will be affected how? ... The Sun is a portal to Source ... Blossom perceives that the **FoL** are saying this is only a beginning and much more to come ... What does the **FoL** mean when they say these Energies "will rock your world"? ... Will other Planets be affected too? ... Could the Planets go off course? ... Where is Pam Gregory when you need her? ... Why and how is it that Enjoyment is a key factor? ... Take note of the colours in your skies ("Auroras")... Blossom has NOT doubted by commenting as, "Well, we'll wait and see." ... Whales and dolphins and other water creatures will start to behave in a different fashion ... Those "sleepy souls" do not yet comprehend the existence of Aquatic Beings ... Miracles unfold if you feel The Mantra deeply within the core of your being

30th (p.103) Is December going to be a big month? (When?) ... How are these current and near future Energies different than those that we have been receiving? ... So, the current and "new energies" from solar flares are not just going everywhere? ... It is difficult to imagine "Energy" let alone it being of High Intelligence, the **FoL** elaborate ... Everything is Energy ... What do you mean that the "Energies conduct themselves in varied forms?" ... **FoL** explain how the Energies balance out vibration according to their purpose ... The upgrade to self may have some physical effects that may cause some concern (*visit a doctor if necessary*) ... The **FoL** clarify how one would feel if you were NOT upgraded ... People are sensing the positive effects and manifesting is "off the charts" ... **FoL** describe what is possible as the veil between Worlds becomes more palpable (< > *Means, capable of being felt or touched, easily perceptible*)...
